EYEMAGINE®

EYEMAGINE is a new breed of 'AI-led' agency

AI is transforming the ways business will operate forever...

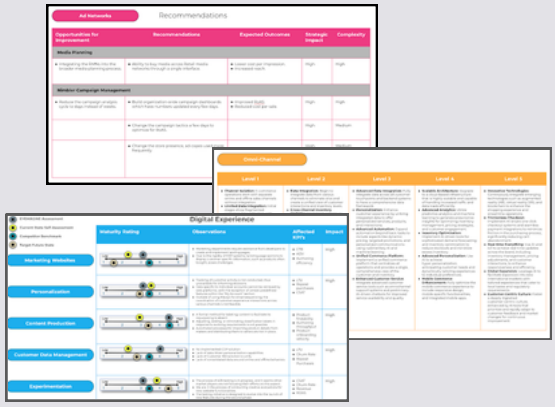
- 89% of executives name AI and generative AI among their top three technology priorities in the next year
- Only 29% of executives feel their organization has a good AI strategy

aiFocus is a consulting framework **built for the age of AI** that will:

- Clarify current state and desired endpoints of AI transformation activities
- Improving alignment in executive teams on gaps, priorities, and investments in AI
- Provide recommendations for how to achieve the proper levels of AI maturity for your industry and competitive landscape, without over or under investing

EYEMAGINE aiFocus Framework

Management Consulting Framework for the age of AI



AI-Optimized Audits and Maturity Models for:

- CPG / D2C
- B2B / Industrial
- Professional Services
- Financial Services
- Healthcare
- Software / SaaS

aiFocus Framework Provides:

- Comprehensive assessment of AI maturity across key operational areas
- Customized recommendations and roadmaps for transforming business functions with AI
- Expertise in cutting-edge AI technologies and industry best practices
